

Estelle Faguet, a young French domestic servant, was miraculously healed of peritonitis in 1876. The house of her employers rapidly became a shrine of Marian devotion, as Estelle experienced a series of 15 apparitions of the Blessed Virgin in that year.

Sr Barbara Estelle OP began her life as a Dominican nun at Pellevoisin at the monastery that was founded on the site in 1893. She has a doctorate in theology from the University of Fribourg, Switzerland.
